Look Both Ways Dec 20 2019 Inspired by his decades-long love of cars, internationally bestselling author Linwood Barclay envisions a world in which automotive technology outpaces our wildest dreams—and our darkest nightmares— in a gripping new novel of action and suspense. These headlights are watching you... ? The media have descended on Garrett, a small, isolated community that is the setting of a visionary experiment: the residents' cars were sent to the mainland and for the past month islanders have been "driving" the Arrival, a revolutionary autonomous vehicle. With a simple voice command, an Arrival will take you wherever you want to go and, because the fleet is networked and aware of one another, travel is now 100% safe. The future, it seems, has arrived. As the excitement reaches a fever pitch, Sandra Montrose – islander, single mom, and public relations executive – prepares for Arrival Inc.'s flashy press event. Sandra is more than ready for this new world. Her husband died after falling asleep at the wheel and she's relieved that her two teens, Archie and Katie, will

need driver's licenses. But as the celebratory day gets underway, disaster strikes. A visiting journalist has vanished, possibly murdered. Before long, the Arrivals run amok, no longer taking orders from their passengers. They start starting to organize. They're beginning to hunt. And they seem hell-bent on killing any human they encounter. Is this all just a tragic accident, a technological malfunction with deadly consequences? Or were the vehicles programmed to act this way in a cruel act of corporate sabotage? Or maybe that the Arrivals have a mind of their own? Fasten your seatbelts - it's going to be a bumpy ride

**The Liberation of Sita** Feb 02 2021 Valmiki's Ramayana is the story of Rama's exile and return to Ayodhya, of a triumphant king who will always be right by his subjects. In Volga's retelling, it is Sita who, after being abandoned by Purushottam Rama, embarks on an arduous journey towards self-realization. Along the way, she meets extraordinary women who have broken free from all that held them back: husbands, sons, and their notions of beauty and chastity. The minor women characters of the epic as we know it -- Surpanakha, Renuka, Urmila and Ahalya -- steer Sita towards an unexpected resolution. Meanwhile, Rama too must reconsider and weigh his roles as king of Ayodhya and as a man deeply in love with his wife. A powerful subversion of India's most popular tale of morality, choice and sacrifice, *Liberation of Sita* opens up new spaces within the old discourse, enabling women to review their lives and experiences afresh. This is Volga at her feminist best.

Missed Translations June 06 2021 A bittersweet and humorous memoir of a family—of the silence and ignorance that separate us, and the blood and stories that connect us—from an award-winning New York Times writer and comedian. Approaching his 30th birthday, Sopan Deb had found comfort in his day job as a writer for the New York Times and a practicing comedian. But his stage material highlighting his South Asian culture only served to mask the insecurities borne from his family history. Sure, Deb knew that his parents, both Indian, separately immigrated to North America in the 1960s and 1970s. They were brought together in a volatile and ultimately doomed arranged marriage and raised a family in suburban New Jersey before his father returned to India alone. But Deb had never learned who his parents were as individuals—their ages, how many siblings they had, what they were like as children, what their favorite movies were. Theirs was an ostensibly nuclear family without any of the familial bonds. Coming of age in a mostly white suburban town, Deb's alienation led him to seek separation from his family and his culture, longing for the tight-knit home environment of his white friends. His desire wasn't rooted in racism or oppression; it was born of envy and desire—for white moms who made after-school snacks and talked to his friends about the girls they liked and the teachers they didn't. Deb yearned for the same. Deb's experiences as one of the few minorities in the Trump campaign, and subsequently as a stand up comedian, propelled him on a dramatic journey to India to see his father—the first step in a life-long journey to bridge the emotional distance separating him from those with the DNA he shared. Deb had to learn to connect with this man he recognized but did not know—and eventually breach the silence separating him from his mother. As it beautifully and poignantly chronicles Deb's odyssey, Missed

Translations raises questions essential to us all: Is it ever too late to put the pieces and offer forgiveness? How do we build bridges where there was nothing before—and what happens to us, to our past and our future, if we don't?

In 2001, Kabul is a place of possibility as people fling off years of repressive Taliban rule. In this hopeful chaos brings together American aid worker Liv Stoellner and Farida Basra, an educated Pakistani woman still adjusting to her arranged marriage to Gul, the son of an Afghan strongman whose family spent years of exile in Pakistan before returning to Kabul. Both Liv and her husband take positions at an NGO that helps Afghan women recover from the Taliban years. The move is the move as a reboot—Martin for his moribund academic career, Liv for her marriage. But for Farida and Gul, the move to Kabul is fraught, severing ties with Farida’s family and her former world, and forcing Gul to confront a chapter in his life he’d desperately tried to erase. The two women, brought together by Farida’s work as an interpreter, form a nascent friendship based on their growing mutual love for Afghanistan. As the bond between Farida and Liv deepens, war-scarred Kabul acts in different ways upon them, as does their husbands. *Silent Hearts* is “highly recommended, especially for fans of Khaled Hosseini” (Library Journal, starred review).
