Much more than just another guide to artists' materials, The Painter's Handbook is an amazingly useful resource, with information on everything from the canvas up: the canvas itself, plus paper, sizes and grounds, pigments and binders, solvents and thinners, varnishes and preservatives. Dozens of step-by-step recipes for make-it-yourself paints, pastels, varnishes, gessoes, sizes, supports, and equipment take this indispensable guide way beyond the competition. Authoritatively written by Mark David Gottsegen, chair of the federal government's ASTM committee on artist's materials, the revised Painter's Handbook considers the enormous changes in the art-materials world since the first edition was published in 1993. New materials, new health issues, new information on outmoded and even harmful supplies and practices mean that every painter needs a copy of The Painter's Handbook. The stated intent of the California Legislature in enacting the current FSC law is for persons who obtain firearms to have a basic familiarity with those firearms, including, but not limited to, the safe handling and storage of those firearms. The statutory authority for this program is contained in Penal Code sections 26840 and 31610 through 31700. These statutes mandate DOJ to develop, implement and maintain the FSC Program. Pursuant to Penal Code section 26840, a firearms dealer cannot deliver a firearm unless the person receiving the firearm presents a valid FSC, which is obtained by passing a written test on firearm safety. Prior to taking delivery of a firearm from a licensed firearms dealer, the purchaser/recipient must also successfully perform a safe handling demonstration with that firearm..
