#1 New York Times Bestseller A touching, funny, heart-wrenching, and triumphant memoir from one of the biggest names in radio, the host of The Bobby Bones Show, one of the most listened-to drive time morning radio shows in the nation. Growing up poor in Mountain Pine, Arkansas, with a young, addicted mom,

Bobby Estell fell in love with country music. Abandoned by his father at the age of five, Bobby saw the radio as his way out—a dream that came true in college when he went on air at the Henderson State University campus station broadcasting as Bobby Bones, while simultaneously starting The Bobby Bones Show at 105.9 KLAZ. Bobby's passions were pop, country music, and comedy, and he blended the three to become a tastemaker in the country music industry, heard by millions daily. Bobby broke the format of standard country radio, mixing country and pop with entertainment news and information, and has interviewed some of the biggest names in the business, including Luke Bryan, Taylor Swift, Blake Shelton, Tim McGraw, Lady Antebellum, and Jason Aldean. Yet despite the glamour, fame, and money, Bobby has never forgotten his roots, the mom and grandmother who raised him, the work ethic he embraced which saved him and encouraged him to explore the world, and the good values that shaped him. In this funny, poignant memoir told in Bobby's distinctive patter, he takes fans on a tour of his road to radio. Bobby doesn't shy away from the curves he continues to navigate—including his obsessive-compulsive disorder—on his journey to find the happiness of a healthy family. Funny and tender, raw and honest, Bare Bones is pure Bobby Bones—surprising, entertaining, inspiring, and authentic. R.L. Stine, author of the bestselling Goosebumps series, raved that Gravediggers is “my kind of book—fast, frightening, and all too real!” During a class hiking trip, Ian, Kendra, and PJ get lost in the mountains and discover that they are being stalked by a pack of ravenous zombies. With the help of a witch doctor and some unusual folk magic, will they be able to defeat these monsters and escape the mountain with their lives? Author Christopher Krovatin perfectly blends humor and horror together in this first installment in a funny, frightening series that will get every kid reading. Nora Kelly, a young curator at the Santa Fe Institute of Archaeology, is approached by historian Clive Benton with a once-in-a-lifetime proposal: to lead a team in search of the so-called "Lost Camp" of the tragic Donner Party. This was a group of pioneers who earned a terrible place in American history when they became snow-bound in the California mountains in 1847, their fate unknown until the first skeletonized survivors stumbled out of the wilderness, raving about starvation, murder-and cannibalism. Benton tells Kelly he has stumbled upon an amazing find: the long-sought diary of one of the victims, which has an enigmatic description of the Lost Camp. Nora agrees to lead an expedition to locate and excavate it-to reveal its long-buried secrets. Once in the mountains, however, they learn that discovering the camp is only the first step in a mounting journey of fear. For as they uncover old bones, they expose the real truth of what happened, one that is far more shocking and bizarre than mere cannibalism. And when those ancient horrors lead to present-day violence on a grand scale, rookie FBI agent Corrie Swanson is assigned the case...only to find that her first investigation might very well be her last. Buffy the Vampire Slayer meets Sky in the Deep in this bewitching historical horror novel, perfect for fans of Holly Black and V.E. Schwab. Seventeen-year-old Aderyn ("Ryn") only cares about two things: her family and her family's graveyard. And right now, both are in dire straits. Since the death of their parents, Ryn and her siblings have been scraping together a meager existence as gravediggers in the remote village of Colbren, which sits at the foot of a harsh and deadly mountain range that was once home to the fae. The problem with being a gravedigger in Colbren, though, is that the dead don't always stay dead. The risen corpses are known as "bone houses," and legend says that they're the result of a decades-old curse. When Ellis, an apprentice mapmaker with a mysterious past, arrives in town, the bone houses attack with new ferocity. What is it that draws them near? And more importantly, how can they be stopped for good?

Together, Ellis and Ryn embark on a journey that will take them into the heart of the mountains, where they will have to face both the curse and the deeply-buried truths about themselves. Equal parts classic horror novel and original fairy tale, *The Bone Houses* will have you spellbound from the very first page. An instant IndieBound bestseller! For tween fans of R.L. Stine and Patrick Carman, this exciting final installment of the *Gravediggers* series is full of gross-out gore, humor, and “splattery mayhem” (Kirkus Reviews). Severed limbs. Rotting flesh. Popping bones. Best friends Ian, Kendra, and PJ have seen it all, and they’ve spent the last few months risking their lives to rid the world of zombies. Now they face their biggest challenge yet: tracking down the vengeful ex-Gravedigger who is holding their mentor hostage in an abandoned underground city. Deep in the menacing caves of Kudus, time is running out for O’Dea, whose powers can be used to unlock a deadly curse. If that weren’t enough, all the kids are keeping things from each other—secrets that threaten to break up the group and thwart their efforts to destroy the gruesome zombies that are crawling all over Kudus. Will their friendship survive this harrowing underground mission? Will they escape Kudus with their lives? During a class hiking trip, Ian, Kendra, and PJ get lost in the mountains and discover that they are being stalked by a pack of ravenous zombies. With the help of a witch doctor and some unusual folk magic, will they be able to defeat these monsters?

In a remote Polish village, Janina devotes the dark winter days to studying astrology, translating the poetry of William Blake, and taking care of the summer homes of wealthy Warsaw residents. Her reputation as a crank and a recluse is amplified by her not-so-secret preference for the company of animals over humans. Then a neighbor, Big Foot, turns up dead. Soon other bodies are discovered, in increasingly strange circumstances. As suspicions mount, Janina

inserts herself into the investigation, certain that she knows whodunit. If only anyone would pay her mind . . .

A deeply satisfying thriller cum fairy tale, *Drive Your Plow over the Bones of the Dead* is a provocative exploration of the murky borderland between sanity and madness, justice and tradition, autonomy and fate. Whom do we deem sane? it asks. Who is worthy of a voice? The battle continues in this silkpunk fantasy as science and destiny collide against the will of the gods in this final installment in the epic *Dandelion Dynasty* series from the “genius” (Elizabeth Bear, Hugo Award–winning author of the *Eternal Sky* series) Hugo, Nebula, and World Fantasy Award–winning author Ken Liu. The concluding book of *The Dandelion Dynasty* begins immediately after the events of *The Veiled Throne*, in the middle of two wars on two lands among three people separated by an ocean yet held together by the invisible strands of love. Harried by Lyucu pursuers, Princess Théra and Pékyu Takval try to reestablish an ancestral dream even as their hearts grow in doubt. The people of Dara continue to struggle against the genocidal Lyucu as both nations vacillate between starkly contrasting visions for their futures. Even the gods cannot see through the Wall of Storms, for only mortal hearts can decide mortal fates. Award-winning author Ken Liu fulfills the covenants first laid out a decade ago in a series delving deep into the connection between national myths and national constitutions in this “magnificent fantasy epic” (NPR). Mahalia Lake has but 24 hours to tell the story of her life before Death himself comes to claim her soul. She must share the story of her mountain justice, retribution, vengeance, and the dancing demons who plague her existence in the creation of her valley of blood and mountain of bones.

Set in a time just during the Civil War of the United States - one woman seeks righteousness for those she loves and must answer with her soul for the biblical justice she was cursed to carry out. She shows no mercy; only fire and wrath. Twelve-year-old Kallie despises nonsense. She believes there’s a rational explanation for everything, despite the good-natured prodding of her Grandpa Jess, who takes her to frivolous wastes of time like their town’s local Festival of Fools. There, Kallie meets a faceless

man (must be some kind of mask) who gives her a strange wooden puzzle box (must be some kind of gimmick). Intrigued despite herself, Kallie sets to work on unlocking its secrets and...lets something out. From here Kallie's life begins to entangle with another world, a world where Liah, a young bone carver, journeys with her master to sell wares to a wicked Queen. The sights, sounds, smells, and spells of Liah's world are beginning to leak into Kallie's, and if Kallie can't decipher the meaning of her own story, "the end" might be far from happy. "The lineage from Faulkner to Woodrell runs as deep and true as an Ozark stream in this book...his most profound and haunting yet." -- Los Angeles Times Book Review

Bones of the Earth is Edgar Award-winning author Eliot Pattison's much anticipated tenth and final installment in the internationally acclaimed Inspector Shan series. After Shan Tao Yun is forced to witness the execution of a Tibetan for corruption, he can't shake the suspicion that he has instead witnessed a murder arranged by conspiring officials. When he learns that a Tibetan monk has been accused by the same officials of using Buddhist magic to murder soldiers then is abruptly given a badge as special deputy to the county governor, Inspector Shan realizes he is being thrust into a ruthless power struggle. Knowing he has made too many enemies in the government, Shan desperately wants to avoid such a battle, but then discovers that among its casualties are a murdered American archaeology student and devout Tibetans who were only

trying to protect an ancient shrine. Soon grasping that the underlying mysteries are rooted in both the Chinese and Tibetan worlds, Shan senses that he alone may be able to find the truth. The path he must take, with the enigmatic, vengeful father of the dead American at his side, is the most treacherous he has ever navigated. More will die before he is able to fully pierce the secrets of this clash between the angry gods of Tibet and Beijing. The costs to Shan and those close to him will be profoundly painful, and his world will be shaken to its core before he crafts his own uniquely Tibetan form of justice. #1 New York Times Bestseller

Featuring a preview of the highly anticipated new thriller *Speaking in Bones*, this eBook original novella showcases #1 New York Times bestselling author Kathy Reichs at the peak of her powers. In *Bones on Ice*, forensic anthropologist Temperance Brennan gets wrapped up in the ultimate cold case: a death on Mount Everest. It is called the “death zone”: the point on Everest, nearly five miles high, above which a climber cannot be rescued. More than 250 souls have lost their lives there. Most of the bodies remain, abandoned, frozen in place. When an earthquake leads to a miraculous recovery, Dr. Temperance Brennan is hired to identify the frozen mummified human corpse. The victim is the daughter of a wealthy Charlotte couple who never got the chance to say goodbye. But far from offering solace and closure, Tempe’s findings only provoke more questions. What happened on Mount Everest? Was the young woman’s death an accident? Why aren’t the other climbers talking? And how far will those hiding the truth go to make sure the past stays buried? Praise for Kathy Reichs and the Temperance Brennan series “A genius at building suspense.”—New York Daily News “Kathy Reichs writes smart—no, make that brilliant—mysteries that are as realistic as nonfiction and as fast-paced as the best thrillers about Jack Reacher, or Alex Cross.”—James Patterson “Reichs, a forensic anthropologist, makes her crime novels intriguingly realistic.”—Entertainment Weekly “One of the most distinctive and talented writers in the genre.”—Sandra Brown “Every minute in the morgue with Tempe is golden.”—The New York Times Book Review “Each book in Kathy Reichs’s fantastic Temperance Brennan series is better than the last.”—Lisa Scottoline “Reichs always delivers a pulse-pounding story.”—Publishers Weekly “I love Kathy Reichs?—always scary, always suspenseful, and I always learn something.”—Lee Child When the body of

an American archaeologist is found floating in the Yangzi River, Ministry of Public Security agent Liu Hulan and her husband, American attorney David Stark, are dispatched to Site 518 to investigate. As Hulan scrutinizes this death—or is it a murder?—David, on behalf of the National Relics Bureau, tries to discover who has stolen from the site an artifact that may prove to the world China's claim that it is the oldest uninterrupted civilization on earth. This artifact is not only an object of great monetary value but one that is emblematic of the very soul of China. Everyone—from the Chinese government, to a religious cult, to an unscrupulous American art collector—wants this relic, and some, it seems, may be willing to kill to get it. At stake in this investigation is control of China's history and national pride, and even stability between China and the United States. The troubled Hulan must overcome her own fears of failure, while David tries desperately to break through the shell that has built up around his wife. As Hulan and David are enmeshed in international schemes for power and the turbulence of their own relationship, these hunters after the truth become the hunted—in a fast-driving narrative set against the backdrop of the building of the Three Gorges Dam, the largest and most expensive project China has undertaken since the Great Wall and the subject of great international debate. It is here, in the heart of the Three Gorges, that David and Hulan will battle their enemies and their own natures to see who will win China's dragon bones. Dragon Bones combines ancient myth with contemporary anxieties concerning religious fanaticism and terrorism to tell a story of love, betrayal, history, ecology, greed—and gory murder. Enjoy all the sought-after recipes from 12 Bones Smokehouse in Asheville, North Carolina, including their famous ribs, pulled pork, turkey, and chicken, plus iconic barbecue sauces like blueberry chipotle. When 12 Bones Smokehouse opened in Asheville, North Carolina, many doubted that it would succeed. From a squat building in a flood plain, the owners were serving up creative barbecue that wasn't 100 percent true to any single region. Yet more than a decade later, 12 Bones is a local institution that rivals the Biltmore Estate in popularity. In this newly updated edition of

12 Bones Smokehouse, you'll find recipes that draw inspiration from all over the South (and sometimes the North), from old family favorites to new recipes invented on a whim. The so-called first war of the twenty-first century actually began more than 2,300 years ago when Alexander the Great led his army into what is now a sprawling ruin in northern Afghanistan. Frank L. Holt vividly recounts Alexander's invasion of ancient Bactria, situating in a broader historical perspective America's war in Afghanistan. In a magnificent land where myth mixes treacherously with truth, one woman is in charge of telling them apart. Liu Hulan is the Inspector in China's Ministry of Public Security whose tough style rousts wrongdoers and rubs her superiors the wrong way. Now her latest case finds her trapped between her country's distant past and her own recent history. The case starts at a rally for a controversial cult that ends suddenly in bloodshed, and leads to the apparent murder of an American archaeologist, which officials want to keep quiet. And haunting Hulan's investigation is the possible theft of ancient dragon bones that might alter the history of civilization itself. Getting to the bottom of ever-spiraling events, Hulan unearths more scandals, confronts more murderers, and revives tragic memories that shake her tormented marriage to its core. In the end, she solves a mystery as big, unruly, and complex as China itself. Praise for *Dragon Bones* “Stays with you long after the conventional thriller is forgotten.”—The Washington Post Book World “Lisa See is one of the classier practitioners of . . . the international thriller. . . . She draws her characters . . . with convincing depth, and offers up documentary social detail that reeks of freshly raked muck. See's China is as vivid as Upton Sinclair's Chicago.”—The New York Times Book Review R.L.

Hermano wakes up at dawn for a trip to the Andes, to climb the Cerro Bonete, one of the planet's final mountains to be conquered - a planned feat of heroic bravado, or foolishness. But instead he finds himself driving back to his boyhood neighbourhood and to the clearing in the woods where he witnessed an act that has run like a scar through his life. Dragged by the undertow of memory, he replays his initiation into adulthood and recalls his volatile pack of boyhood friends. From one of Brazil's most dazzling writers, *The Shape of Bones* is an exhilarating story of mythic power. Seth and Daniel's camping trip to a lonely mountaintop becomes a journey into a painful past that Daniel must confront. In 1959 a young monk named Tsung Tsai (*Ancestor Wisdom*) escapes the Red Army troops that destroy his monastery, and flees alone three thousand miles across a China swept by chaos and famine. Knowing his fellow monks are dead, himself starving and hunted, he is sustained by his mission: to carry on the teachings of his Buddhist meditation master, who was too old to leave with his disciple. Nearly forty years later Tsung Tsai — now an old master himself — persuades his American neighbor, maverick poet George Crane, to travel with him back to his birthplace at the edge of the Gobi Desert. They are unlikely companions. Crane seeks freedom, adventure, sensation. Tsung Tsai is determined to find his master's grave and plant the seeds of a spiritual renewal in China. As their search culminates in a torturous climb to a remote mountain cave, it becomes clear that this seemingly quixotic quest may cost both men's lives.
