[The Better Part of Valor](#) Apr 16 2022 From bestselling author Tanya Huff comes a new novel in the Confederation series of military science fiction, blending action, intrigue, courage, and humor with more twists than a trip through Susumi space... Even if she was saving the Confederation at the time, Staff Sergeant Torin Kerr is aware that questioning a general's parentage to his face was not a strategic career move. But she never imagined it would land her as senior NCO on a top-secret recon mission practically guaranteed to go sideways. The target is an unidentified alien ship the size of a station, floating dead in space. Most of her intel comes from a civilian salvage operator who's

bargained his way onto her landing party while making it clear he won't be taking any orders. Best of all, the mission's commanding officer is a politically connected captain so heroic his troops tend to end up dead. But as soon as Torin and her Marines set foot on the strange vessel, the rules change. This ship isn't empty. Communications are down. And if they can't get back to tell the Confederation what they've found out, all of the known galaxy is going to learn about it the hard way...

Hunting Party May 05 2021 The first volume in Hugo Award-winning and New York Times bestselling author Elizabeth Moon's epic science-fiction saga the Serrano Legacy... For

Heris Serrano, nothing gave her life as much meaning as serving the ruling Familias Regnant in the Regular Space Service. But after defying a vindictive superior officer in order to save the lives of her men—she's cast off from the crew and finds herself struggling to retain her sense of purpose. Now, she finds herself in the civilian world and at the helm of the Sweet Delight—an opulent interstellar space yacht owned by the wealthy, powerful and irascible matriarch Lady Cecilia de Marktos. After a disciplined life in the Service, Heris doesn't anticipate having many problems captaining a flying pleasure palace. But she didn't count on her crew comprising some of the most incompetent degenerates she's ever had the displeasure of commanding. Or that her predecessor had been using the Sweet Delight for criminal enterprises...or that their final destination will bring Heris face-to-face with the man who ended her career. After nearly a decade away, Nebula

Award-winning author Elizabeth Moon makes a triumphant return to science fiction with this installment in a thrilling new series featuring the daring hero of her acclaimed Vatta's War sequence. Summoned to the home planet of her family's business empire, space-fleet commander Kylara Vatta is told to expect a hero's welcome. But instead she is thrown into danger unlike any other she has faced and finds herself isolated, unable to communicate with the outside world, commanding a motley group of unfamiliar troops, and struggling day by day to survive in a

deadly environment with sabotaged gear. Only her undeniable talent for command can give her ragtag band a fighting chance. Yet even as Ky leads her team from one crisis to another, her family and friends refuse to give up hope, endeavoring to mount a rescue from halfway around the planet—a task that is complicated as Ky and her supporters find secrets others will kill to protect: a conspiracy infecting both government and military that threatens not only her own group’s survival but her entire home planet.

The Truth of Valor Aug 08 2021 The thrilling final installment in Tanya Huff's military sci-fi adventure Confederation series Gunnery Sergeant Torin Kerr was the very model of a Confederation Marine. She'd survived more deadly encounters than anyone in the Corps. No one who'd ever served with her could imagine her walking away from the Corps. But that was before Torin had learned the truth about the war the Confederation was fighting...before she'd

been declared dead and had spent time in a prison that shouldn't exist.... It was Salvage Operator Craig Ryder who had refused to believe Torin was dead. Craig who found and rescued Torin. And so, when her mission was complete, Torin resigned from the Marines to start a new life with Craig aboard his tiny salvage ship, the Promise. But civilian life was a lot rougher than Torin had imagined. The salvage operators were losing cargo and lives to pirates. Because salvagers were an independent lot unwilling to turn to the OutSector Wardens for help, no one in authority seemed to take their ever-increasing threat seriously. Then, on their first real run together, pirates attacked the Promise, kidnapping Craig and leaving Torin to die. But leaving Torin behind to die was never a good strategy. Against all odds, she survived, and certain—despite no evidence to prove her correct—that Craig was still alive, she decided to mount a rescue mission. When Craig's salvager friends refused to join her, Torin had no choice

but to call in the Marines—some very special Marines. Then she discovered why the pirates had been trying to kidnap salvagers. And suddenly Torin's mission expanded from saving Craig to stopping the pirates from changing the balance of power in known space....

Against the Odds Oct 10 2021 The galactic order has been shattered, and amidst the chaos heroes will rise...and fall—as Hugo Award-winning and New York Times bestselling author Elizabeth Moon brings her stellar Familias Regnant saga to a spectacular conclusion. Across Regnant

space, the fight to put down the mutinous factions of the Fleet continues. Though the initial assaults have been contained, the mutineers are still at large. And the dangerous seditious elements are not limited to the military alone. Within the Familias, the aged leaders of the great septs continue to hoard the mysterious rejuvenation drugs that may allow them to rule forever. And that is something that the ambitious younger generations of the ruling families can no longer abide... Heroic Fleet loyalist Esmay Suiza has been coldly ousted from the service after her elopement to Barin Serrano is discovered and her religious status comes under suspicion. But she's not about to back down from her sworn duty, and races to confront the members of the Grand Council—one of whom owes her a great service... But unbeknownst to anyone, a powerful leader in the ranks of the Fleet has already turned against them, and their common enemy is determined to destroy the Familias Regnant in a final conflagration... Lost Fleet: Beyond the Frontier: Invincible Oct 30 2020 Admiral John "Black Jack" Geary was revived from cryogenic sleep to lead the Alliance against the Syndicate Worlds. But his superiors question his loyalty to the regime. Now in command of the First Fleet, he is tasked with exploring the frontier beyond Syndic space, a mission he fears deliberately puts the fleet—and himself—in harm's way... An encounter with the alien enigmas confirms Geary's fears. Attacked without warning, he orders the fleet to jump star systems—only to enter the crosshairs of another hostile alien armada. Ignoring the First Fleet's peaceful communications, this species sends its ships into battle while it guards the exiting jump point with a fortress of incalculable power. Now

Geary must find a way to reach the jump point without massive casualties—even though the enigmas could be waiting on the other side... [Trading in Danger](#) Dec 24 2022 "Filled with fast-paced action and well-conceived characters."—Booklist Kylara Vatta is the only daughter in a family full of sons, and her father's only child to buck tradition by choosing a military career instead of joining the family business. For Ky, it's no contest: Even running the prestigious Vatta Transport Ltd. shipping concern can't hold a candle to shipping out as an officer aboard an interstellar cruiser. It's adventure, not commerce, that stirs her soul. And despite her family's misgivings, there can be no doubt that a Vatta in the service will prove a valuable asset. But with a single error in judgment, it all comes crumbling down. Expelled from the Academy in disgrace—and returning home to her humiliated family, a storm of high-profile media coverage, and the gaping void of her own future—Ky is ready to face the inevitable

onslaught of anger, disappointment, even pity. But soon after opportunity's door slams shut, Ky finds herself with a ticket to ride- and a shot at redemption-as captain of a Vatta Transport ship. It's a simple assignment: escorting one of the Vatta fleet's oldest ships on its final voyage . . . to the scrapyard. But keeping it simple has never been Ky's style. And even though her father has provided a crew of seasoned veterans to baby-sit the fledgling captain on her maiden milk run, they can't stop Ky from turning the routine mission into a risky venture-in the name of turning a profit for Vatta Transport, of course. By snapping up a lucrative delivery contract defaulted on by a rival company, and using part of the proceeds to upgrade her condemned vehicle, Ky aims to prove she's got more going for her than just her family's famous name. But business will soon have to take a backseat to bravery, when Ky's change of plans sails her and the crew straight into the middle of a colonial war. For all her commercial savvy, it's her

military training and born-soldier's instincts that Ky will need to call on in the face of deadly combat, dangerous mercenaries, and violent mutiny. . . . "Compelling . . . a superior novel . . . Trading in Danger [has] originality and intelligence."—SciFi

Surrender None Jun 06 2021 In the three books of THE DEED OF PAKSENARRION, Elizabeth Moon swept us away to an extraordinary fantasy world and introduced us to Paksenarrion, a lowly sheepfarmer's daughter destined to become a warrior among warriors and a paladin beyond compare. But Paksenarrion could never have fulfilled her destiny had it not been for one who came before. Gird, the peasant. Gird, the armsman. Gird, the Liberator, who taught his people that they could

fight - and win - against oppression. This is his story. Surrender None is the first of two prequels to the hugely popular DEED OF PAKSENARRION trilogy.

Victory Conditions Nov 23 2022 Elizabeth Moon's thrilling Vatta's War series, featuring the no-holds-barred space-faring heroine Kylara Vatta, has secured her reputation as a master of first-rate military science fiction. Now Commander Vatta is back-locked and loaded and ready to win the fight against the marauding forces of ruthless space pirate Gammis Turek. For Ky, it's not just about liberating the star systems subjugated by Turek and defending the rest of the galaxy's freedom. There's also a score to be settled and payback to be meted out for the obliteration of the Vatta Transport dynasty . . . and the slaughter of Ky's family. But the enemy have their own escalation efforts under way-including the placement of covert agents among the allies with whom Ky and the surviving Vattas are collaborating in the war

effort. And when a spy ring linked to a wealthy businessman is exposed, a cracked pirate code reveals a galaxywide conspiracy fueling the proliferation of Turek's warship fleet. Matching the invaders' swelling firepower will mean marshaling an armada of battle-ready ships for Ky to lead into combat. But a violent skirmish leaves Ky reeling—and presumed dead by her enemies. Now, as Turek readies an all-out attack on the Nexus system—a key conquest that could seal the rest of the galaxy's doom—Ky must rally to the challenge, draw upon every last reserve of her strategic skills, and reach deep if she is to tear from the ashes of tragedy her most decisive victory.

Economic Transformation of a Developing Economy Jan 01 2021 Foreword by Prof. Kaushik Basu This book traces the development experience of one of India’s most dynamic and prosperous states, Punjab, which has provided

the country with a much-needed degree of food security. The relative regression of Punjab's economy in the post-economic reforms period and slow current economic growth give cause for concern. The contributions in this book address the question of why the structural transformation of Punjab's economy has fallen into the middle-income trap. Each investigates the policy constraints influencing the relative stagnation of the economy and suggests appropriate measures for alleviating them. By integrating theoretical constructs and new evidence, the authoritative contributions diagnose the nature of the current problems and offer practical solutions. They cover important issues such as the crisis of agrarian transition, agrarian markets and distributive justice, employment growth and transition to non-agriculture sectors, fiscal policy, external factors in economic transformation, and perspectives on rejuvenating the state's economy.

Daniel Leary and Signals Officer Adele Mundy must find other work—like escorting a pair of wealthy nobles on an expedition to the back of beyond! The Princess Cecile, the corvette in which they carved their reputations in letters of fire, has been sold as a private yacht, but she still has her guns, her missiles, and her veteran crew. Daniel and Adele will need all of those things as they face winged dragons, an Alliance auxiliary cruiser, jealous lovers, and a mysterious oracle which really does foresee the future. That won't be enough, though, when they penetrate a secret Alliance base and find a hostile fleet ready for a war that will sweep Cinnabar out of a strategically crucial arm of the galaxy. Preventing that will involve skill, courage, and more luck than a sane man could even pray for; and it will require a space battle on a scale that

a tiny corvette like the Princess Cecile has no business being involved in. But she'll be in the middle of it anyway, because Daniel, Adele, and their Cinnabar crew would never turn their backs on a fight!
