The Enchanted Hour Jun 26 2020 A Wall Street Journal writer's conversation-changing look at how reading aloud makes adults and children smarter, happier, healthier, more successful and more closely attached, even as technology pulls in the other direction. A miraculous alchemy occurs when one person reads to another, transforming the simple stuff of a book, a voice, and a bit of time into complex and powerful fuel for the heart, brain, and imagination. Grounded in the latest neuroscience and behavioral research, and drawing widely from literature, *The Enchanted Hour* explains the dazzling cognitive and social-

emotional benefits that await children, whatever their class, nationality or family background. But it's not just about bedtime stories for little kids: Reading aloud consoles, uplifts and invigorates at every age, deepening the intellectual lives and emotional well-being of teenagers and adults, too. Meghan Cox Gurdon argues that this ancient practice is a fast-working antidote to the fractured attention spans, atomized families and unfulfilling ephemera of the tech era, helping to replenish what our devices are leaching away. For everyone, reading aloud engages the mind in complex narratives; for children, it's an irreplaceable gift that builds vocabulary, fosters imagination, and kindles a lifelong appreciation of language, stories and pictures. Bringing together the latest scientific research, practical tips, and reading recommendations, *The Enchanted Hour* will both charm and galvanize, inspiring readers to share this invaluable, life-altering tradition with the people they love most.

Every book needs you to turn the pages. But not every book needs you to tap it, shake it, jiggle it, or even blow it a kiss. Innovative and timeless, Tap the Magic Tree asks you to help one lonely tree change with the seasons. Now that's interactive—and magical! It begins with a bare brown tree. But tap that tree, turn the page, and one bright green leaf has sprouted! Tap again—one, two, three, four—and four more leaves have grown on the next page. Pat, clap, wiggle, jiggle, and see blossoms bloom, apples grow, and the leaves swirl away with the autumn breeze. The collage-and-watercolor art evokes the bright simplicity of Lois Ehlert and Eric Carle and the interactive concept will delight fans of Pat the Bunny. Combining a playful spirit and a sense of wonder about nature, Christie Matheson has created a new modern classic that is a winner in every season—and every story time! Magic Trash Apr 05 2021 Vacant lots.

Abandoned houses. Trash--lots of trash. Heidelberg Street was in trouble! Tyree Guyton loved his childhood home--that's where his grandpa Sam taught him to "paint the world." So he wanted to wake people up... to make them see Detroit's crumbling communities.

Paintbrush in hand, Tyree cast his artistic spell, transforming everyday junk into magic trash.

Soon local kids and families joined Tyree in rebuilding their neighborhood, discovering the healing power of art along the way. This picture book biography of Tyree Guyton, an urban environmental artist, shows how he transformed his decaying, crime-ridden neighborhood into the Heidelberg Project, an interactive sculpture park. The story spans from Tyree's childhood in 1950s Detroit to his early efforts to heal his community through art in the 1980s. Tyree's awards include Michigan Artist of the Year and International Artist.

MAGIC TRASH offers strong themes of working together, the power of art, and the importance of inspiring community--especially kids--to affect action. The Heidelberg Project is internationally recognized for providing arts education to children and adults and for the ongoing development of several houses on Heidelberg Street. Not only does the Heidelberg Project prove that when a community works together it can rebuild itself, but it also addresses the issues of recycling, environmentalism, and community on a global level.
